Summary of Activity – Renovation Project
Presented to the Board
(Update Number Sixteen)

At the last board meeting held on January 20, 2015, the board voted to accept the ad hoc committee's recommendation to hire Timothy Wooldridge Interiors Ltd. to serve as designer consultant for renovation of common areas, subject to mutual agreement on terms of a contract. Members of the committee appreciate the outcome of the board's review.

We look forward to learning about the outcome of negotiations with principal of the firm, Timothy Wooldridge. We are hopeful that agreement has been achieved on terms of a contract.

The committee is willing to continue to be involved with the processes and procedures that will be presented by the board to begin the design work and implementation of the renovation, whether this be on an informal or on a formal basis.

Submitted by the chair
of the ad hoc committee,

Patty Brulotte
